Education

❖ Currently studying at

TÉCNICO LISBOA
- Instituto Superior Técnico
- Engenharia Informática e de Computadores (Taguspark)
- 2013-2017 (ano previsto final de Licenciatura)

About me:	

➢ I was born in the small city of Figueira da Foz and from young age have had a passion for videogames, being raised by games like Pokémon, Runescape and Jak & Daxter;
 	
This and my quest to know more about the inner workings of computers led me to Computer Science always eager to know the underlying workings of the systems that make up games.
 	
My dream being to make great games.
